Very good teacher made it very clear to understand everything and office hours were helpful too!
very very very good and patient
Should be the lecturer, his revision lecture was more insightful than any other lectures I have had this term
Fantastic seminar tutor- he explains things clearly and well and seems genuinely excited about the subject and in our progress. He gets through the necessary content and also is very aware of what the class is struggling with and is happy to spend more time on these subjects so that we can learn as best as possible. He has managed to create an atmosphere where I feel I can ask any question- nothing is too 'stupid' which means that I don't fall behind because I'm not scared to ask. He is also very easy to contact to ask for help and his Advice and Feedback sessions are hugely helpful and easy to access. Couldn't praise him more.
One of the best TAs I have had. Really made everything much clearer and helped to explain the maths behind what I was doing.
